Manufacturer of All Type of
Lubricating Oil & Grease etc.

®

Advanced Lubrication for Superior Engines

**OYSPELL LUBRICANTS
INDUSTRIES**

SAE 20W40/API-SN/SL/SM

Formulated from high quality of base oils doped with additives which provides high level of oxidation & thermal stability. It protects the engine from high temperature wear & also from rust & corrosion. Premium performance four stroke motorcycle oil, non-friction modified, shear-stable, multigrade oil provides excellent oxidation and wear protection for extended oil & engine life as well as longer clutch life by preventing clutch slippage at start up and varying speed.

Pack size :
900ml,1,10,20,55,210 ltr

PHONIC 4T - SAE 10W30 / API-SN

Semisynthetic blend 4 stroke motor cycle oil ensuring sustainable high performance. This oil is formulated for excellent wear protection, resisting viscosity and thermal breakdown. It has high viscosity index that provided engines with full protection at higher operating speed temperatures and other adverse conditions.

Pack size :
800ml,900ml,1,10,20,55,210 ltr

OPTIC 4T - SAE 20W50 / API-SN

Semisynthetic blend 4 stroke motor cycle oil ensuring sustainable high performance. This oil is formulated for excellent wear protection, resisting viscosity and thermal breakdown. It has high viscosity index that provided engines with full protection at higher operating speed temperatures and other adverse conditions.

Pack size :
900ml,1,10,20,55,210 ltr

BULLET - SAE 15W50 / API-SN

Semi synthetic blend premium performance, non-friction modified, shear stable, motor cycle Engine oil specially formulated for new generation four stroke motor cycles for longer clutch life by preventing clutch slippage at start up and varying speed

Pack size :
2.5,3,10,20,55,210 ltr

ASTOM - SAE 0W40 / API-SN

Semi synthetic blend gasoline engine oil blended with the most advanced additive package to enable it to give exceptional performance under most severe operating conditions. The oil provides not only good cold starting and high resistance to sludge, low volatility characteristics but also it provides effective protection against oxidation, wear and corrosion under high temperature operations

Pack size :
2.5,3,3.5,4,4.5,5,10,20,55,210 ltr

TENDY - SAE 5W40 / API-SN

Full synthetic motor oil is formulated to flow like 5 Weight oil from a cold start in winter temperatures and like 40 Weight oil once the engine has reached its normal operating temperature is an advanced full synthetic motor oil. It's our strongest oil and liquid engineered to withstand the high pressure and high temperatures of modern gas and turbo diesel engines.

Pack size :
2.5,3,3.5,4,4.5,5,10,20,55,210 ltr

SOLIN - SAE 10W40 / API-SN

Fluid Titanium Technology, is strongest oil and the natural choice for drivers who want the best combination of sludge protection, wear protection and maximum engine performance. Unlock maximum performance with every drive.

Pack size :
2.5,3,3.5,4,4.5,5,10,20,55,210 ltr

FLAME - SAE 5W30 / API-SN

Advanced full synthetic engine oil designed to keep your engine running like new by providing exceptional wear protection, cleaning power and overall performance. Meets or exceeds the requirements of the industry's toughest standards and outperforms our conventional oils. technology comes as standard equipment in many different vehicles, including select high-performance vehicles.

Pack size :
2.5,3,3.5,4,4.5,5,10,20,55,210 ltr

PLUTONIX / PLUTON-X- SAE 15W40 API-CI4+/CF-4

High performance semi synthetic blend engine oil made especially for vehicles fueled with Ultra Low Sulfur Diesel (ULSD) and require the use of Low Ash engine oils, to protect the installed emissions equipment, including DPFs, catalytic converters, EGR and SCR injection. This oil offers excellent performance to maximize component life, extend drain intervals and improve fuel performance.

Pack size :
500ml,1,3,3.5,4,4.5,5,7.5,
10,15,20,55,210 ltr

REDON - SAE 20W40/API-CI4+

High performance premium quality engine oil. It is formulated using high quality paraffinic base oils with selected premium quality additives to take care of all types of turbo-charged, naturally aspirated diesel and gasoline engines.

Pack size :
500ml,1,3,3.5,4,4.5,5,7.5,
10,15,20,55,210 ltr

GREEN CNG - SAE 20W50/API SF-CD

High performance semi synthetic Blend gasoline engine oil for modern passenger cars. It provides good protection against oxidation, wear and corrosion under high temperature operation. Also it provides not only good cold starting but also high resistance to sludge formation.

Pack size :
500ml, 1, 3, 3.5, 4, 4.5, 5, 7.5,
10, 15, 20, 55, 210 Ltr

UTTO OIL

Exclusively designed for multifunctional Agricultural Tractor's transmission, Differential & final drive, Wet multiple disc brake and hydraulic System. It also functions as a power brake, power steering, power take off and implement drive fluid with sufficient friction and heat transfer characteristics to facilitate the efficiency operation of Tractor wet brakes and power take off units.

Pack size :
1, 5, 7.5, 10, 15, 20, 26, 55, 210 Ltr

PUMPSET OIL

Pump set oil is a superior quality agricultural diesel pump set oil specially developed to meet the severe performance requirements of pump sets and other small stationary diesel engines for industrial use. Recommended for use where multi grade oil is preferred for a wide range of diesel pump sets.

Pack size :
1200ml, 3, 3.5, 10, 20, 55, 210 Ltr.

GEAR POWER - EP-80W90 / API GL-5

Specially formulated for use in a wide range of gears which includes synchromesh manual gears, transmissions and axles working under moderate to severe load and pressure conditions. Due to its high shear stability they provide excellent protection for gears used in new generation vehicle types including spiral, bevel or worm gear transmission system where Multigrade gear oil is recommended.

Pack size :
500ML, 1, 5, 10, 15, 20, 26, 55, 210 Ltr

HYDRON - AW 68 / 46 / 32

Hydraulic oils are high quality hydraulic oils, designed to meet the requirements of normal hydraulic & circulating systems. These Series oils are formulated with high quality solvent refined mineral oils and synergistic additives for imparting anti wear, anti-corrosion, oxidation inhibition and anti-foam properties. Recommended for all types of general mobile hydraulic equipment in control and power transmission systems.

Pack size :
1, 5, 10, 15, 20, 26, 55, 210 Ltr

TRACTOR OIL - SAE 20W40/API AM-CH4

Multigrade diesel engine oils are high performance, shear-stable, thermal stable new generation oils specially formulated for Tractors & mixed fleet working under severe service conditions. Recommended for use in all types of tractors and fleets with both light and heavy-duty engines where multigrade oil is preferred.

Pack size :
1, 2.5, 5, 7.5, 10, 15, 20, 55, 210 Ltr

2T GREEN - API-TC

Premium quality base stocks and most advance additives to take care of extra heat generated during combustion of gas in the engines. It is a dedicated engine oil formulated for vehicle operating on Natural gas, LPG and dual fuels.

Pack size :
500ml, 1, 10, 20, 55, 210 Ltr.

GEAR MAX - EP-90 / EP-140 API GL-5

Specially formulated for use in a wide range of gears which includes synchromesh manual gears, transmissions and axles working under moderate to severe load and pressure conditions. It is designed to match all type of gear applications for both old or new generation vehicle types including spiral, bevel or worm gear transmission system where gear oil is recommended.

Pack size :
500ML, 1, 5, 10, 15, 20, 26, 55, 210 Ltr

GEAR POWER EP-85W140 / API GL-5

Gear oil is recommended for all types of gears particularly hypoid gears, axles operating under various combinations of high speed shock loads and low speed high torque conditions. Ideal for all types of highway and off highway vehicles working under severe and wide varied temperature conditions. This product is also available with Limited Slip properties.

Pack size :
500ML, 1, 5, 10, 15, 20, 26, 55, 210 Ltr

COMPRESSOR - EP 150 / API GL-5

Gear oil is recommended for all types of gears particularly hypoid gears, axles operating under various combinations of high speed shock loads and low speed high torque conditions. Ideal for all types of highway and off highway vehicles working under severe and wide varied temperature conditions. This product is also available with Limited Slip properties.

Pack size :
500ML, 1, 5, 10, 15, 20, 26, 55, 210 Ltr

BRAKE FLUID DOT 3 & DOT 4

Superior quality synthetic fluid meant for the hydraulic brakes of automobiles. It meets US Dept. of Transportation's stringent. Recommended for all automobiles having hydraulic brakes.

Pack size :
100ml, 250ml, 500ml, 10, 20, 55, 210 ltr

FORK OIL

Shock absorber oil has excellent damping effect, chemical stability, oxidation stability and seal compatibility. Due to low pour point, it can be used round the year in extreme weather.

Pack size :
175, 350ml, 10, 20, 55, 210 ltr

COOLANT

coolant is used to remove heat produced by the engine and transfer it into the cooling system. The coolant receives the heat and circulates it through the radiator, dissipating it back into the atmosphere. Thermostat is used to regulate the temperature of the coolant during the circulation.

Pack size :
500ml, 1.5, 10, 20, 55, 210 ltr

TRANSOL-POWER STEERING OIL

TQ serves as a power transmission fluid in the torque converter, hydraulic fluid in the control and servo systems, as a lubricant for bearings & gears and as a friction controlling for bands and clutches. Recommended for automatic transmissions, power steering and other hydraulic system. It is having effective frictional characteristics for smooth shifting, reduced foaming and fluid loss under severe service conditions.

Pack size :
500ml, 1.5, 10, 20, 55, 210 ltr

AP-3 GREASE

Ap3 GREASE is a premium quality all purpose automotive grease. Recommended for all types of Wheel bearings used in automobiles e.g Heavy duty, Light commercial, Passenger vehicles. Excellent thermal and oxidation stability. Resistance to water wash out. Superior protection against rusting & corrosion.

Pack size :- 500gm, 1.5, 10, 18, 180kg.

EP-2 GREASE

Extreme pressure (EP) greases are multifunctional extreme pressure lithium soap greases manufactured from high viscosity index base oils and fortified with carefully selected extreme pressure additives for high load bearing capacity. They are recommended for gearboxes, heavily loaded anti-friction and plain bearing on industrial and automotive equipment.

Pack size :- 500gm, 1.5, 10, 18, 180kg.

CHASSIS GREASE

Chassis Grease is a calcium soap grease, having excellent water repellent and good water wash out properties. Recommended for all types of chassis lubrication requirements such as ball joints, suspension, steering gear system, plain bearings, bushings and pins in automotive chassis assemblies.

Pack size :- 500gm, 1.5, 10, 18, 180kg.

MP-3 GREASE

Mp3 is a premium quality lithium soap base grease and is recommended for variety of greasing applications in automotive, agriculture, construction and industrial application. It is recommended for lubrication of wheel bearing, chassis, nipple steering linkages, universal joints etc. The grease provides maximum protection by adhering well to the lubricated bearing surfaces sealing them from dirt and abrasive contaminants.

Pack size :- 500gm, 1.5, 10, 18, 180kg.

RED GEL GREASE

Red is a long life lithium Red colour gel grease formulated with a specially designed soap system, high viscosity index base oil and carefully balanced additives for lubrication under moderate to heavy loads and intermittent high temperatures. The soap in the grease helps in retaining its structure even under severe service condition and high loads, thereby extends component life through extension of re-lubrication interval.

Pack size :- 500gm, 1.5, 10, 18, 180kg.

GEL GREASE

GEL GREASE excellent shear stability, good surface adhesion and antiwear characteristic grease specially formulated from refined, high viscosity index base oils and lithium complex thickener. This grease is fortified with unique additives for long life performance, rust and oxidation inhibitors specially developed for bearing operating under severe heavy shock loads.

Pack size :- 500gm, 1.5, 10, 18, 180kg.

INDUSTRIAL LUBRICANT

GEAR OIL-150 | GEAR OIL-220 | GEAR OIL-320 | HYDRAULIC-100 | LOOMS OIL

WATER SOLUBLE CUTTING OIL | STATE CUTTING OIL | TRANSMISSION OIL | SPINDLE OIL

THERMIC OIL | CNC LUBRICANT WAY-68 | GRINDING OIL | RPO | CONNING OIL | FURNACE OIL | WARPING OIL

Advanced Lubrication for Superior Engines

Mfg. By :

OYSPELL LUBRICANTS INDUSTRIES

Kadodara, Surat, Gujarat-394327.
